

Attention Car Riders

The Car Loop is moving quickly, particularly in the mornings! Please help us keep your children safe by using the loop. It is faster and, more importantly, safer than parking in front of the school.

If you feel that you must park in the grass, please come up Manchester (one street before us) and pull onto the grass going in the correct direction. You should not make U-turns or three-point turns on Orange Branch Rd. Under no circumstances should you stop on Orange Branch Rd. and let your child out to cross traffic alone. This is a tragedy waiting to happen.

Thanks,
Mrs. Dillon
