

CAR LOOP PROCEDURES

The safety of every child is very important. Please follow these procedures at the Car Loop:

Be ready for your children to exit the car—everything that needs signing should be signed and all transactions should be completed before you enter the loop.

Even if you are running late, USE THE LOOP. It is extremely dangerous to drop your children off in front of the school and have them cross traffic and the parking lot.

Be courteous to your fellow parents and our neighbors: don't stop on the road in front of the school, make u-turns, or park on the grass.

If you want to avoid the traffic, come early! There is very little wait if you drop your child off between 7:10 and 7:25.
